

NORTHEASE MANOR SCHOOL

KS2 and KS3 CURRICULUM MAP 2011-12

Notes -

The Science Programme of Study is not taught in the sequence shown in this document – different classes will be working on different topics at different times to allow for resources to be available to all classes. All classes will cover all of the topics listed during the school year.

Year 9 Humanities – students spend 9 lessons on either Geography, History, Citizenship/RE – and then rotate every 9 lessons – this enables greater continuity across each topic and will give students more of an idea of what a GCSE might be like

NORTHEASE MANOR SCHOOL KS2 and KS3 CURRICULUM MAP 2011-12 HALF TERM 1
