

I am thrilled to announce the outstanding GCSE results achieved by our students at Northease Manor School. We believe that a number of factors have contributed to this success, which includes the hard work of the students themselves, the support of their parents/carers and the skill and dedication of our teachers.

- **Overall, 62% of the grades were A*- Cs. This is a significant improvement on last year's results.**
- **The English language results were outstanding – 87% A*-C grades (up 9% on last year). English Literature results were even better at 100% A*-C grades.**
- **Pleasingly, results for Maths were 58% A*-C, an improvement of 5% on last year.**
- **100% of students achieved an A*-C grade in Art, Textiles, Dance and Geography.**

Our 'value added' demonstrated that students at Northease made good progress from their initial assessment when joining the school, to their final exams. On average, each student achieved half a grade higher than their initial target, with some students achieving up to 4 grades higher. We are all extremely proud of the students and wish them all the very best in their future studies.
